

## *The Drake Commitment*

Your experience will include:

### **1. Personal mentorship.**

Work closely with professors in your field to access the classes and experiences you need to stand out as a professional—and still graduate on time.

### **2. Learning through service.**

Broaden your world view and gain valuable experience while making a difference in the local community or around the world.

### **3. Flexibility to explore interests.**

Dive deeply into fascinating topics on campus or around the world with a tuition-free, three-week January Term course, and come away with new knowledge, skills, and perspectives that set you apart.

### **4. Building a great résumé.**

Learn by doing through high-caliber internships, undergraduate research, and service-learning opportunities, and get the professional preparation you need to reach your goals after graduation.
